PROFESSIONAL SUMMARY

Detail-oriented Software Engineer and Information Systems graduate (GWA: 1.63 / High Distinction, ~3.7 US GPA equivalent) with verified production experience developing responsive web applications and relational SQL databases. Experienced in HTML, CSS, JavaScript (ES6+), React, Next.js, Node.js, Express, PHP, and MySQL. Demonstrated ability in writing and optimizing SQL queries, designing schema architectures with transaction-level locking, integrating RESTful APIs, and managing Git version control workflows. Conferred Best Capstone Project Award (2026) for engineering an institutional web MIS and booking system.

TECHNICAL SKILLS

Relational Databases & SQL: MySQL, MariaDB, SQLite, Relational Schema Design, SQL Query Optimization, Joins, Indexing, Transaction Handling, Data Integrity, Data Reporting

Core Web & Frontend: HTML5, CSS3, JavaScript (ES6+), Responsive Web Design, React (18/19), Next.js 14, Tailwind CSS, Vite, UI/UX Layouts, Chart.js Visualization

Backend & Server Integration: Node.js, Express, PHP, RESTful APIs, WebSockets (Socket.IO), CRUD Architecture, Session & JWT Auth, Backend Integration, Apache

QA, Git & Documentation: Git, GitHub (Branching & Version Control), ESLint, JUnit, Application Debugging, Quality Assurance Testing, Technical Documentation, Agile / Scrum

PROFESSIONAL EXPERIENCE

HeroApps Software Development Services — Daet, Camarines Norte, Philippines

Software Developer — **May 2026 – Present**

- Engineered responsive client-side UI components and backend RESTful API integrations across live applications, ensuring seamless data flow and consistent multi-device user experiences.
- Implemented resilient local database caching and synchronization using SQLite/Room with automated cloud fallbacks, maintaining strict data integrity for over 1.2K+ monthly active users.
- Managed version control workflows via Git and GitHub (pull requests, merge conflicts, code reviews); maintained comprehensive technical documentation to streamline onboarding and prevent knowledge silos.

Software Developer Intern — **Feb 2026 – May 2026**

- Participated in quality assurance testing, debugging, and code profiling on client-facing applications to resolve logic errors and optimize runtime performance; conferred **Best OJT Award (2026)**.
- Integrated external REST APIs with local relational database structures; developed algorithmic data transformations to produce structured metrics for end-user dashboards and reporting.

WEB & SQL DATABASE PROJECTS

Museo Bulawan MIS **(Capstone Project) — Institutional Web MIS & Booking System** — React, Node.js, Express, MySQL, WebSockets, Tailwind CSS

- Architected full-stack web application featuring a responsive 5-step visitor booking interface and 3 role-based administrative dashboards for appointment management and capacity tracking.
- Designed normalized relational MySQL database schema; developed optimized SQL queries and transaction-level row locks with WebSockets to prevent scheduling double-bookings; awarded **Best Capstone Project Award (2026)**.
- Created automated data reporting and administrative visualization charts for visitor demographics, peak visitation hours, and reservation statuses.

The Retro Rack **— Full-Stack E-Commerce Platform** — PHP, MySQL, JavaScript, HTML5/CSS3

- Developed end-to-end responsive web storefront utilizing core HTML5, CSS3, JavaScript, PHP, and a normalized MySQL relational database.
- Wrote efficient SQL queries for dynamic product catalog search, inventory updates, cart session handling, order transactions, and administrative sales reports.

Wiz TFT Client Hub **— Modern Web Strategy & Intelligence Platform** — Next.js 14, React 18, Tailwind CSS, JavaScript (ES6+)

- Built responsive web application using Next.js 14 (App Router) and JavaScript, delivering fast front-end rendering, interactive data cards, and real-time algorithmic calculations.

Certificate Maker System — Desktop Database Automation — C#, .NET WinForms, MySQL, OpenXML

- Engineered database utility connected to MySQL to automate batch document generation; maintained relational audit log tables tracking all issued certificates.

EDUCATION

Camarines Norte State College (CNSC) — **2022 – 2026**

Bachelor of Science in Information Systems • Academic Standing: **GWA: 1.63 (High Distinction / ~3.7 US GPA)** — Daet, Camarines Norte, Philippines

HONORS & KEY MILESTONES

- **Best Capstone Project (2026)** — Museo Bulawan MIS (Web & MySQL), CNSC
- **Published Web Solutions** — Live Portfolios & Client Web Platforms
- **Best OJT Award (2026)** — Systems Development Unit, HeroApps
- **High Distinction Graduate** — 1.63 GWA Dean's Lister, CNSC
